

# MANY HANDS MAKE **LIGHT** WORK

Taking care of all your outsourcing needs

- Catering
- Cleaning / Housekeeping and Laundry

ISSUE NO.01 NOV 2010

As part of our commitment to complete peace of mind for all our clients, we offer highly-trained, skilled and experienced staff to take full care of all your senior residents.

As part of our catering service, we will maintain excellent nutritional standards for our partners at all times, even providing for special dietary needs when required by our clients. Hervasa will also use professional dieticians to assist with more complicated menu needs.

Our Catering Managers and trained chefs will continually design and adapt “cycle” menus to prevent ‘MENU FATIGUE’, and we also incorporate vegetarian meals with a difference.

As an added benefit, we offer professional chef, cleaning and laundry training to all staff.

Our housekeeping services are all encompassing, including:

- The provision and care of all flower or pot plants
- Assistance with in-house moving of seniors
- Laundry services
- Preparation of rooms for new residents
- Care of curtains and blinds, including cleaning and washing
- Breakage reports made to Village Manager
- Comprehensive and thorough cleaning services
- Preparation of halls for services and events
- Setup of boardrooms for meetings

Our goal is to make every resident feel like a king or queen, every day!

**“we will maintain excellent standards at all times”**

**CATERING • CLEANING / HOUSEKEEPING • LAUNDRY**
